President's Message

The Indian sub-continent over the years has achieved major milestones in the economic sphere, political arena and social order. There is a sense of wellbeing among the people in general. Some of the socio-economic indicators also bear witness to the fact that India has achieved substantial growth. However, it is an established fact that the socio-economic evils of deprivation, discrimination, inequality, exploitation and injustice have been part of our society in general, and of Northeast India in particular. Fransalian Agency for Social Care and Education in India (FAsCE India) – a non-profit, non-governmental, secular, voluntary organization started in 1975 and registered in 2005 by the Missionaries of St. Francis De Sales (MSFS) of the Northeast India – has been at the forefront to fight against all such socio-economic evils and foster integrated development of individuals and communities.

During the year 2014-2015, FAsCE India has been able to script innumerable stories of positive, progressive and promotive transformation among its target groups. With the ongoing programmes for Promotion of Child Rights, Community Development through Self Help Groups, Women Empowerment through various Capacity Building Programmes and Income Generation Programmes, Skill Development for Underprivileged Youth, Community Based Rehabilitation for the Persons with Disabilities, FAsCE India has also initiated in a large way the promotion of solar energy by distributing Solar Lanterns and Lamps, and thereby contributing our mite to the protection of our environment. FAsCE India has also engaged in Peace Intervention Programmes, especially Training Youth for Peacebuilding and has responded to emergency situations like flood, ethnic riots, etc. reaching out to the victims with assistance and rehabilitation.

This year (2015), as FAsCE India celebrates the decennial of its humble inception, I would like to congratulate Rev. Dr Emmanuel Mappilaparambil the Executive Director, Mr Shaji Fernandez the Deputy Director, Rev. Fr Vintu Avittappallil the Associate Director, and the entire staff of FAsCE India for their indomitable spirit in selflessly committing themselves to the mission of loving God and loving neighbour through manifold instances of innovative projects and programmes that uplift the poor and the downtrodden. It is also time to remember with gratitude the heroic effort of Rev. Fr Jose Karipadam, the Founder Director, and his team of collaborators who conceived and shaped the initial growth of FAsCE India under the patronage of Rev. Fr Abraham Mullenkuzhy and Rev. Fr Francis Thadathil, the Former Provincials and Presidents of FAsCE India, who visualized and propelled its phenomenal growth. May I also acknowledge with appreciation the support provided to it by MSFS confreres, financial agencies, benefactors and friends. May God bless all of them!

Fr. (Dr) George Panthanmackel MSFS
President, FAsCE India

From the Executive Director's Desk

It is a matter of happiness, gratitude and pride that Fransalians Agency for Social Care and Education in India (FASCE India), the social action initiative of the Northeast India Province of the Missionaries of St. Francis de Sales (MSFS), is at the completion of a decade of its service to the people of Northeast India. As a social development organisation, it has been growing steadily since its humble inception, spreading its interventions across Northeast India through various developmental and innovative strategies, for the benefit of the poor and marginalised of the Region. This tenth Annual Report will mirror various activities undertaken by FASCE India for promoting progress during the financial year 2014-2015.

We are all saddened by the sudden demise of Dr. APJ Abdul Kalam, one of our former Presidents of India, on the 27th of July 2015. He was a great visionary and an excellent inspirer of people from all walks of life, especially the children and the youth. He had a vision 'to transform India from the present developing status to a developed nation' and he proposed various ways towards the realisation of it. His 'What Can I Give Movement' and 'Provision of Urban Amenities to Rural Areas Programme' are thoughts that guided FASCE India too during the past years, being proud sharers of his vision, scribbling tales of transformation of our target communities, especially of the children, youth, women and persons with disabilities.

Thus the reporting year 2014-2015 witnessed the implementation of various projects for the promotion of child rights, skill development programmes for the underprivileged youth, training of youth peace volunteers, empowering of women through SHGs, livelihood options, peace intervention initiatives, health awareness programmes, promotion of solar energy, environment protection etc. as well as community based rehabilitation of the persons with disabilities. At this moment, we thank the Almighty who has guided us in all our interventions and leading us to successful completions of the same. We are grateful to all the supporters and benefactors of FASCE India: to Rev. Fr. George Panthanmackel MSFS, the President and all the members of the Governing Board of FASCE India for their enlightening guidance and support; to all the generous National and International Funding Agencies for the resource support; to all the Members of MSFS Northeast India Province at its various centres for their volunteer services and effective implementation of the projects and to the central as well as field level staffs of FASCE India for their dedicated service.

The decennial celebration planned for the month of November 2015 is preceded by a Peer-Review of FASCE India conducted by its Founder Director Fr. Jose Karipadam MSW, M.A. B.Ed. on the various aspects of its interventions between 2005 and 2015. I congratulate Fr. Jose for the scientific study that has brought out the impact of FASCE India on its target people and society, appraising its major achievements and recommending ways for its future engagements in critical areas. It is with joy that I place this Annual Report 2014-2015 of FASCE India into your hands and look forward to a new decade of service to the poor and the marginalized of the Region with renewed focus and vitality.

Fr. (Dr) Emmanuel Mappilaparambil MSFS
Executive Director, FASCE India

The Identity

Fransalians Agency for Social Care and Education in India (FASCE India) is a non-profit, non-governmental, secular, voluntary organization started in 1975 and registered in 2005 to foster integrated development of individuals and communities. It is the organized and explicit expression of the Missionaries of St. Francis De Sales (MSFS) of the Northeast India Province towards the social, economic and educational empowering of individuals and communities, particularly the underprivileged and needy in the rural and urban, tribal and non-tribal conglomerations of the Northeastern States of India, through integral development and education.

Registrations

- * Registration of Societies, Act XXI of 1860: No. SR/FASCE-05/05 of 2005 (under the Meghalaya Societies Registration Act, XII of 1983)
- * Permanent Account Number: AAATE2720K
- * Registration U/S 12AA of the Income Tax Act, 1961: No.48 / 12AA / Tech/05-06 / 5590-92, dated 30.01.2006
- * Registration under the Foreign Contribution (Regulation) Act, 1976: No. 020840021, dated 11.11.2009
- * Registration with NGO Partnership System: Unique ID – AS/2012/0050834

Vision

Creation of a just and equitable, peaceful and prosperous society, rooted in the firm faith and collective conviction in the capacity of persons towards socio-economic development and individual well-being of all, particularly the underprivileged.

Mission

Ensuring personal empowerment and social development of the marginalised – rural and urban, tribal and non-tribal – population of the Northeast India, by creating awareness, transforming attitudes, availing opportunities and initiating activities.

Motto

'Promoting Progress'

Objectives

- * To create an economically better off, socially enlightened and culturally comprehensive society in which every individual and family has 'enough for its needs'
- * To foster a process of on-going change in favour of the rural poor in a way they can sustain this process through building and managing appropriate institutions at the local level, rooted in values of justice, equity and mutual support
- * To promote and propagate strategies through which the full potential of women, children and youth are realised
- * To influence public policies in favour of the poor
- * To strengthen networks and linkages between and among formal and non-formal institutions that can foster and sustain the impact of development initiatives
- * To promote economic, educational, spiritual, technical and agricultural development and encourage entrepreneurship
- * To train, educate and equip the people with knowledge, skills attitude and capacity for development
- * To be at the aid of the suffering humanity in times of need and to undertake relief, rehabilitation and resource mobilization for the victims of natural and other calamities.

Core Values

Service beyond Self, Respect for Human Rights, Human Dignity, Eco-Sensitivity, Peace, Justice, Equity, Truth, Honesty, Trust, Transparency, Participation and Responsiveness.

Thrust Area

The following are the thrust areas of FAsCE India: Social Justice, Education, Women Empowerment, Child Welfare, Skill Training of Youth, Urban and Rural Development, Environment, Health and Sanitation, Water Harvesting, Livelihood, AIDS Control Programme, Social Studies and Research, Community Based Rehabilitation of Persons with Disabilities, Campaign against Substance Abuse, Legal Aid.

Area of Operation

The target area of FAsCE India covers the entire Northeast India – comprising the states of Assam, Arunachal Pradesh, Manipur, Mizoram, Meghalaya, Nagaland and Tripura – and Galsi in West Bengal.

LOGO OF FAsCE INDIA

UNITED FIGURES symbolize the primary Vision of FAsCE India : the creation of a just and equitable, peaceful and prosperous society.

ASCENDING FIGURE symbolizes the primary Mission of FAsCE India : Promoting Progress through personal empowerment and socio-economic and cultural development of the mariganalized.

THE NAME "Fransalian Agency for Social Care and Education" overarching the figures symbolizes its quest for development and creation of a just, equitable, peaceful and prosperous society. It signifies the embodiment of our development concepts: vitality, harmony, steadiness and progress. It also shows our effort to touch the lives of people of the region and empower both, th individual and society to relize their potential for the promotion of progress and development.

OUR ACCOMPLISHMENTS IN THE YEAR 2014-2015

The year 2014-2015 had been no different for FAsCE India, the Social Action Initiative of the Missionaries of St. Francis de Sales (MSFS), Northeast India Province, in terms of its ardent journey in promoting progress in the lives of Children, Youth, Men and Women across Northeast India. FAsCE India was able to script innumerable stories of positive, progressive and promotive transformation among its target groups. Through its Integrated Community Development Programmes and Community Based Rehabilitation for Persons with Disabilities, the organisation was able to touch the lives of many a Children, Youth, Men, Women and Disabled throughout the region. This annual report is an attempt to explicitly unveil before you our accomplishments during past one year.

1. PROMOTION OF CHILD RIGHTS

From the inception, one of the major focuses of FAsCE India was promotion of Child Rights. Towards this effect a number of programmes are implemented in different centres to ensure safer living conditions for children, to educate them and their parents on their rights and duties and making their voices heard. Northeast India, with its complexity of problems and increasing number of child trafficking cases and untraced missing children, needs special attention and action plan for the welfare and protection of children. Some of the activities successfully implemented to this effect are formation of Children's Parliaments in villages, Child Right Clubs in schools, awareness programmes for the teachers, parents and civil society leaders on Child Rights, elimination of Child Labour in Tea Estates, ToT on the prevention of child sexual abuse and Child Right violations through human resource development, training of resident counselors in the schools, etc.

1.1. Focussed on reduction of child labour and youth unemployment

The project, 'Integrated community development with special focus to reduction of child labour and youth unemployment issues in three tea gardens of Dhubri District, Assam,' that saw light of the day as a continuation of the Child Right Advocacy Project arrived its successful completion during the reporting period nourishing the lives of several children, youth, women and men in the

community. They benefited immensely by the project. Twenty one tuition centres in 21 villages of the tea gardens create a strong sense of Right to Education among common folk. Almost 60 children who were either idle at home or working elsewhere were brought together under the umbrella of right to Basic Education Act. The activity of forming Children's Parliament and gathering them for meetings and taking for demanding various rights of common people gave more confidence and push for growth and development. The members of CP exhibited greater confidence at the completion of the project that they could take common issues to higher authorities and get the things done. FAsCE remains ever grateful to Andheri Hilfe Bonn, Germany, in accomplishing the project.

Achievements:

Supplementary Tuition Centres: Twenty one supplementary tuition centres have been created in the target villages for the better performance of children in their studies, specially focussing on the dropout students.

Parents Managing Committee (PMC): Twenty one PMCs have been formed in ten target villages (where the tuition centres exist) to protect the rights of children.

Child Rights Club: Four child rights clubs have been created in the target area for better realization of the rights of children.

Children's Parliament: Four children's parliaments have been formed for the children to deal with their own small problems. Nearly 120 children are directly involved in the CP.

Children's Federation: Three children's federations have been formed.

Self Help Groups: New SHGs are formed to shape and change their economical status and keep their sense of unity.

English Spoken Course: Seventy four youth were imparted English spoken course to help them in their studies and stay in good stead for better jobs.

Computer Literacy Course: Forty two youth completed basic course in computer know-how.

Leadership Training: Teachers of government and private schools were trained in leadership skills and imparted with knowledge of child rights.

Embracing the storehouse of knowledge again

I am Josephina Tirkey, studying in Class XI and hailing from Krishnakali Tea Estate, Dubri district, Assam. I had dropped out of school three years back due financial struggles at home. I was working as housemaid in one of the houses in Bahalpur. Whenever time permitted, I used to attend the meetings conducted by FAsCE India in the village. FAsCE India staff once or twice briefed me about the need to continue education leaving behind the then temporary work. I took the matter to my parents, which they did not approve. But I took a firm decision to leave the work and with the help of FAsCE India I joined back to Dolmara Government School. I passed Class X last year and am pursuing Class XI now. Million thanks to FAsCE India for ensuring a safer future for me.

Josephina Tirkey

1.2. Formation of Children's Parliaments

The concept of 'Children's Parliament' is based on 'Children's Right to participation' enshrined in the UN convention and ratified by India. It trains children to participate in the development of the village, particularly the children of the neighbourhood where they live. The success they achieve in improving the village as children makes them grow into participating, responsible citizens. They grow into citizens who will participate in the 'Nation Building Project'.

During the reporting period, FAsCE India successfully formed 60 Children's Parliaments covering 2000 children in Assam. The project was implemented in 15 villages of Jonai and Telam in Dhemaji District, and Hamren in Karbi Anglong District.

Activities	Result
Meeting with the parents and village heads Local Government leaders, teachers and other eminent persons of the locality	It was organised in all the 15 villages and schools under the three centres covering 1500 children
Awareness Programme on Children's Parliament at Village level	Organised for 1700 persons in the 15 villages
Formation of Children's Parliaments	60 Children's Parliaments were formed
Training to the leaders of Children's Parliament	Two training programmes each of two-day duration were conducted in the three centres and 289 children participated.
Awareness on Child Rights at village Level	Awareness programmes were organized for different groups of parents, youth and children in all the target villages
Campaigns against child trafficking	Village level campaigns and awareness programmes on child trafficking were organised.

This project has done a great deal to the children of the three centres. Children's Parliament is an effective tool, especially in developing the talents and skills of good governance and leadership among children. We express our sincere thanks to the Diocese of FREIBURG, Germany, for their generous financial support in this endeavour.

1.3. Providing safe drinking water to school children

The construction of a 10,000 Lt water tank (plumbing and motor installation included) is being initiated at SFS School, Yingkiong, Upper Siang District, Arunachal Pradesh. The project is an immense blessing to over 200 school children and around 80 boarders, providing them with clean, safe and sufficient water to drink and equipping also the school with one of its basic needs. Day scholars are saved from the drudgery of carrying water to the school and hostellers and staff members have enough water for their needs, not having to go to jungle streams any more.

1.4. Providing Quality Residential Education to Tribal Children

FasCE India, working for the rights of children, has always tried to realise their Right to Education, especially in remote villages of Northeast India. The initiation of the new project: 'Providing Quality Residential Education to Tribal Children from Umwahlang and surrounding Villages in West Khasi Hills District, Meghalaya' is yet another bold step taken by FasCE India to provide quality education along with sound formation and skills to poor tribal children of inaccessible areas of Northeast India. The site levelling of the proposed Boys' Home is in progress and the

construction of it is being initiated. This new project will mould many young tribal boys into dutiful citizens who will sincerely work hard for the improvement of their village and surroundings. It will also create many change makers who will transform remote tribal villages and tribal population to voice their rights and lead a dignified life. We thank Fr Mathai Ottappally (Städtchenstrasse 66, CH - 7320 Sargans, Switzerland) who raise fund for this noble project that will bring sunshine on many faces of children.

1.5. FEAF: Empowering children... transforming lives...

In continuance of its efforts to empower children and youth by providing education assistance to economically weak students of Northeast India, FAsCE India has distributed its scholarships for the year under its initiative, FEAF (FAsCE Education Assistance Fund). Through this programme FAsCE India provides scholarships to underprivileged students, both at school level and for professional courses, with its conviction that the best way of helping to make a poor family self-reliant is to help the students in that family to have access to quality education. Accordingly FAsCE India provided 70 students from different centres with financial assistance to pursue their studies.

Sl. No.	School Education (SE) / Professional Course (PC)	Number of Students
01	SE (Amlarem, Bahalpur, Bashbari, Galsi, Narengi, Panishali, Pasighat, Purul, Shillong, Sindukpathar, Somonpara, Tato, Tenning, Thingba Khullen/Khunou, Yingkiong)	65
02	PC - MBBS	03
03	PC - B.Sc. Nursing / Chemistry	02
	Total	70

Dear FAsCE,

I am extremely happy to inform you that I have successfully completed my MBBS course from Regional Institute of Medical Science (RIMS), Imphal. Thus I have become the first MBBS from my village, namely, Thingba Khullen in Senapati District, Manipur. This is to acknowledge with gratitude the role played by you in my journey of life. Since I lost my father from my childhood and being from a poor family, I would have really found it very difficult to meet my educational expenses, especially to pursue my dream to be a doctor to bring healing to the people around. I would like to express my sincere and deep gratitude for your generous scholarship provided to me. Without your valuable support and encouragement I would not have really completed my studies. Thank you all from my heart!

Currently I am doing my internship and preparing myself for the Post Graduation Medical Entrance Examination, which will be held in the month of November 2015. Since the seats available are limited, the entrance examination is going to be very tough and competitive. Please do continue to support me, especially through your valuable prayers. Thank you all once more; your generosity has inspired me to help others and I hope that one day, in turn, I will be able to help other students to achieve their dreams.

With grateful hearts,

Dr. James Vincent MBBS
RIMS, Imphal

2. INTEGRATED RURAL DEVELOPMENT AND WOMEN EMPOWERMENT

2.1. ISCD in seven villages and three tea gardens of Dhubri District, Assam

Integrated Sustainable Community Development (ISCD) in seven villages and three tea gardens of Dhubri District, Assam, is yet another developmental project initiated by FAsCE India with financial support from Manos Unidas during the reporting period. Aimed at covering 2350 women and their families in two years' time, the project has made big headway in creating an impact among the beneficiaries. The programmes under the project revolves around the participant women and their capacity building at five levels of empowerment, such as Organisation, Education, Health, Savings & Credit, Income Generation. Since the project was planned including all the stakeholders in the locality, they participated whole heartedly in all the activities. Major Interventions during the first year (June 2014 – May 2015) was dissemination of information on Self Help Groups, formation of Self Help Groups, capacity building of their leaders, awareness on a number of issues and training on Income Generating Activities.

Activities	Outcome
Project orientation and staff training	<p>Twelve staff members including local directors and staff members of FAsCE India were oriented on topics like social analysis community development and Community Based Organisations (CBO)</p> <p>Capacitated the Staff on SHG management, Federation, Book keeping and Income Generation Activities</p> <p>Sensitized the trainees on issues like alcoholism, human trafficking and other social evils</p> <p>Inculcated leadership skills in the staff members and planned project activities with them</p>
Sensitisation and formation of Self Help Groups	<p>56 SHGs are formed in the identified villages.</p> <p>51 SHG promotional programmes were organised in the 7 villages and three tea gardens.</p>

Leadership training and awareness programmes	12 training programmes on leadership, accounting, linkages, health, committees and federation were organised for 150 women SHG members. Five awareness programmes on government schemes were organised with the support of the local area banks.
Income Generation Activities	100 SHG women were trained in candle making, kitchen garden and animal husbandry.

2.2. Integrated village development project at Manikbond, Assam

Seva Kendra Manikbond, the zonal office of FAsCE India, is playing a vital role for the development of Lowairpoa Block under Karimganj District, Assam, through the Integrated Village Development Project with the assistance of AIFO Italy. The project mainly focuses on health, education, vocational training and women empowerment.

Activities	Achievements
Health	St Joseph's Community Health Centre is providing medical care to the patients of eight Sub centres under NRHM project. Around 4000 people benefited of this health service during the reporting period.
Education	18 supplementary education centres render primary level educational assistance to more than 600 students.
Vocational Training	Job oriented training programmes, like tailoring and knitting are being conducted.
Women Empowerment	Seva Kendra Manikbond takes concrete steps to reactivate the existing SHGs. 20 SHGs have been re-activated during the reporting period. A three-day women federation workshop was organised for the SHG members and leaders to form federations. Launched three federations of SHGs.

2.3. ICDP in Thingba Khunou and Thingba Khullen Villages of Manipur

With the goal of improving the living conditions of poor tribal women in Thingba Khunou and Thingba Khullen villages of Senapathi District, Manipur, through a five-level empowerment, namely organisation, education, health, savings & credit, and income generation, FAsCE India in collaboration with Stiftung Maria Theresia Scherer, Switzerland, launched a two-year project of Integrated Community Development since June 2014. When the first phase was over the initiative had formed 15 Self Help Groups covering 210 women.

Programmes	Results
Training on Self Help Groups	Six trainings were organised on topics like objectives & concept of SHG, Rules and Bye law, Book keeping & Accounting, and how to tackle socio- economic issues. 200 members benefited from the training. Fifteen SHGs were formed.
Health Awareness Programmes	Four health awareness programmes were organised on maternal health and child care, sex education for teenage girls, personal hygiene and sanitation, balance diet and nutrition, communicable diseases and prevention, use of Herbal Medicine etc. A total of 200 women and teenager girls attended the programme.
Training on leadership	150 women participated in the four leadership training programmes.
Legal awareness programme	180 women participated in the legal awareness programmes on topics like atrocities and violence against women, women rights, child and women trafficking, RTE (Right to Education), RTI (Right to Information), and RTF (Right to Food).
Alternative Livelihood Programme	Income generating activities initiated for 100 women on pig rearing, poultry, and organic farming. The SHG members were trained in vermicompost making, organic pest and disease management by Department of Agriculture, Manipur.

Other accomplishments

Farmers' club was formed to address their issues collectively to local administration.

All the 15 SHGs are registered under the Block, DRDA (District Rural Development Agency) and NABARD.

All the days of national and international importance celebrated.

The Integrated Community Development programme in Thingba Khunou and Thingba Khullen villages of Manipur is making huge progress in and through the successful implementation of its various components. It has played a vital role in touching the lives of the poor and bringing about an overall development, especially by addressing their needs and struggles.

2.4. Community development through women empowerment at Somonpara, Meghalaya

Taking into consideration the multiple roles played by women in the society and how important it is to empower them for an integrated development of communities, FAsCE India initiated the pilot project of formation of SHGs and promotion of livelihood in 10 villages of Somonpara, Garo Hills, Meghalaya. In order to capacitate the newly elected SHG Leaders, a project orientation cum training was organized on July 4 - 5, 2014, at FAsCE Office, Somonpara. Miss Kapila Marak (Popi), the training Coordinator of Mahila Shakti Kendra (MASK) Balipara, Assam, was the main resource person.

Activities	Results
Project orientation cum training	60 persons benefitted of the three-day programme.
Formation of SHGs	15 SHGs consisting of 158 members were formed.
Training in Income Generation activities	40 men and women were trained in Rosary making, candle making and flower making.

2.5. Relief support for flood affected families of Slums in Narengi-Satgaon, Assam

FASCE India provided relief support to 260 flood affected families in the slums of Satgaon - Narengi, Guwahati, on Dec 7, 2014. The long queue before the registration counter with the given slip in their hands at FASCE India Head Office that day spread an air of joy, consolation and respite emanating from the hearts of people gathered to receive the relief kits. Each relief kit contained woollen blanket, mosquito net, bleaching powder, detergents and study materials including note books. The kits reflected an answer to the genuine needs of the people emerging from a month long survey and analysis done by FASCE India with the help of MSW interns from Tata Institute of Social Sciences (TISS), Guwahati.

A total of 260 families from the aforementioned slums, who were left in the lurch after the floods losing their valuable belongings of basic necessity, received relief kits provided by FASCE India with the financial support from MANOS UNIDAS, Spain.

Activities	Results
Intense house visits in the five slums, namely Dharma Nagar, Rail Line, Babu basti, Lala Basti, Dall Mill, Bhuperum Nagar, by FASCE India team	A perfect picture of the slums, living condition, needs and problems obtained
Survey of families in the flood-hit five slums Organisation of awareness programmes on health and hygiene at different places	Data base of people in slums Built rapport with the target group Educated the people on the importance of health and hygiene
Organisation of two medical camps in collaboration with 132 Station Health Organization of Indian Army and Government of Assam Health Department. Two doctors, five nurses and 25 volunteers attended to 260 patients in the first medical camp conducted at SFS School, Narengi. In the second medical camp conducted at Amsing Jorabat, three doctors, eight nurses and 30 volunteers attended to 300 patients.	All the patients were given required medicines and advise for better health. Number of them were referred to Guwahati Medical College for further treatment. Vaccination for typhoid was given to all.

the household in the five slums.	distribution of relief materials.
Need analysis was done according to each household in consultation with them as per the findings of the survey	Relief materials were made ready for distribution in order to handle the situation.
Distribution of Relief Materials	260 families received their immediate needs to tide over the emergency situation.

2.6. Leadership training for community leaders

With the financial assistance of Koch foundation, USA, FASCE India organised three-day training on 'Leadership' for community leaders at St Joseph's School, Kaying, West Siang Dt, Arunachal Pradesh, from Nov 13-16, 2014. Seventy one persons from across three Siang districts (East, West and Upper) of Arunachal Pradesh participated in the program.

A team of experts in leadership animated the participants on different themes intended at enabling them to be transformational leaders in the 21st century. Implementing the project was a great achievement in capacitating the community leaders of Arunachal Pradesh.

3. VOCATIONAL TRAINING OF YOUTH

3.1. Skill training and career assistance for school dropout youth at Hamren

FASCE India, in collaboration with FVTRS Bangalore, executed a Skill Training Project comprising of three trades: Tailoring, Bamboo Craft and Food Processing, in order to skill the unemployed school dropout youth of Hamren, Karbi Anglong, Assam. Through the project, the organisation trained 40 girls in garment making, 35 girls and 10 boys in bamboo craft and 30 girls in food processing, all in seven different batches. A total of 36 of them are employed in garment making, 35 in bamboo craft and 23 in food processing, earning enough for a decent living.

Trades / Activities	Outcome
Garment making	40 girls were trained in the trade in two different batches and 36 of them are employed earning good income.
Bamboo craft	35 girls and 10 boys were skilled in bamboo craft in three batches and 35 of them are engaged in the trade.
Food processing	30 girls were trained in the skill and 23 of them are employed in it fetching good additional income.

Bamboo for Life

We are ten young men namely Augustine Kro, Petrus Teron, Francis Teron, Philip Kro, Augustine Teron, Joseph Kro, Sarthe Engti, Welson Rongpi, David Rongpi and Thomas Teron. We are the first batch of bamboo craft training organized by FAsCE India with the support of FVTRS, in our village. We are from Lumta village, which is very interior without roads, transport and communication. It is surrounded by forest. But we have plenty of bamboos in and around our village. FAsCE India team visited our village and suggested that there was an opportunity for the dropout youth to be trained in Bamboo Craft. We welcomed the idea happily and promised our collaboration. Our village head man encouraged us to join the training. Though we were surrounded by bamboos, we never knew that it could provide us with income. Though we knew how to make Bamboo mats, they were crude and not according to the standard, properly processed and scientifically prepared. It fetched very little price. The training gave us new impetus, knowledge and skills that could fetch good income. We learned the proper methods. We realized that we have inherent skills and are useful people. Now our product has demand and buyers. Even the middle men are approaching us to buy them in bulk to supply it to the ply wood factories in the city. But FAsCE India is asking us to form cooperatives that can bring us better price and increase our bargaining capacities. We like the idea and our Coordinator has offered us support in this venture. Our earnings have improved now. We have steady income. We are earning an average income of Rs 4000/- per month. It is something innovative and a big achievement compared to our standard. More than this we have courage and hope that we have a good life ahead utilizing the resources that are around us. Million thanks to FAsCE India for coming to our aid.

3.2. Skill training and employment promotion at Diphu for school dropout youth

In collaboration with Raskob Foundation, USA, FAsCE India initiated the project of multi skill training and employment promotion for 50 school dropout tribal youth at Diphu, Karbi Anglong District, Assam. Aimed at training 30 boys and 20 girls in multi skills such as welding, carpentry, assembling solar lanterns and book binding, the project is expected to assist each trainee to procure a job or self-employment. The project will enhance the skills of the school dropouts in the area and enable them to stand on their own.

4. PEACE INTERVENTION ACTIVITIES

4.1. ICDP in 10 villages of Dhubri district, Assam

Integrated Community Development Programme in ten villages of Dhubri district, Assam - a project initiated by FAsCE India with financial support from Mensen met een Missie in January 2014 - took on a successful implementation during the reporting period bringing about enormous social changes and immense benefits in the life of the beneficiaries. As a project launched in the aftermath of Bodo-Muslim 2012 ethnic violence, it was of huge respite to both the communities. FAsCE India's timely intervention through trauma counseling, rehabilitation, dialogue initiation at various levels, creation of peace clubs and committees, recreational activities, etc. has borne fruits in abundance promoting peace, progress and prosperity among the target population.

Accomplishments:

- ❖ Local communities gather very often for meetings, to discuss the life progress and problems of the neighbourhood. Unity, sharing spirit and common interest for peaceful neighbourhood has been strengthened.
- ❖ There is a strong social mobilization force moving towards sustainable peace in the target areas by children (peace club members), adults (peace committee members) and women (SHG members).
- ❖ More involvement of the local political leaders in blocking ethnic, communal and political violence. Consultation of political leaders to the NGO and the CBO in developmental issues.
- ❖ Better realization of the rights of the common people, especially in the field of education, economy, Right to Information, Right to Safe Drinking water etc.
- ❖ Men united themselves for working towards the progress of their villages and families.
- ❖ Women grouped together in 21 Self Help Groups for durable and reliable families.

Over 400 children have taken membership in various peace clubs.

4.2. Youth for Peacebuilding: Training of peace volunteers in Northeast India

Working with conflict ridden communities and helping out in the rehabilitation process of those displaced, formation of peace clubs and peace communities in Chirang and Kokhrajhar Districts, FAsCE India has gained sufficient experience and inherited many good practices. So, it was decided to make it a regular process that will empower the weaker sections to uphold their Rights, lead a peaceful life and solve their conflicts within their own communities. This vision guided FAsCE India to take the bold step of training the youth into peace building and conflict resolution skills and motivating them to utilize their strengths to form peace clubs in the villages and work towards sustainable CBOS, wherever FAsCE India has its presence.

To promote grassroots movement for peace and harmony in the seven states of Northeast India by building a network of youth willing to work for peace and harmony among all peoples, FAsCE India initiated the project, "Youth for peacebuilding."

Activities	Results
Training of Trainers (ToT) on Peace and Conflict resolution in five phases.	<p>Each group consists of 25 to 30 participants from the MSFS Parishes across Northeast India</p> <p>⇒ Youth leaders understand and assimilate peace culture and conflict resolution skills, in the context of Northeast situation.</p> <p>⇒ Grassroots level peace initiatives are in place</p> <p>⇒ Youth work for sustainable peace in the region. Conflicts are peacefully settled and prevented. Peace culture prevails in the target villages.</p>
Youth taking up Peace Projects such as Youth for peace, Youth for environment, Youth against child labour, Youth for health and hygiene, Youth for Human Right, etc. as per the need of the locality.	<p>Issues in each area is addressed, youth take active role in community building, an active youth group in each area works for the promotion of peace culture, energy of youth are channelised in the right and productive direction towards peace and harmony in the neighbourhoods.</p>

Inaugurating the project, FASCE India organised a three-day Training of Trainers (ToT) on 'Youth for Peacebuilding' at its head office from Jan 29 to Feb 1, 2015. It was the first of four such ToTs to follow during the year. We remain grateful to Mesen met een Missie, Netherlands, for their financial assistance in the endeavour.

Some excerpts from the sharing of the participants:

"I learned how to build peace and I want the same to share with the society where I live," said Mr. Mathew Barka, Bahalpur.

"The training opened my eyes unto various kinds of conflicts existing in the society, initiated me into the world of genuine harmony and instilled in me an ardent desire to be a channel of peace wherever I am," said Aker Pikyor, a participant from Tato.

"This training moulded me to face all the conflicts that may arise my life. I will strive to establish peace clubs in my village in order to maintain and keep common brotherhood and harmony," said Ms Mercy, a Participant from Jonai, Assam.

5. PROMOTION OF HEALTH AND PROTECTION OF ENVIRONMENT

5.1. Providing solar lanterns to Tea Garden labourers

FASCE India, with the help of Raskob Foundation, distributed 352 solar lanterns to selected beneficiaries belonging to the Adivasi community working in the tea gardens of Bahalpur, Dhubri district, Assam. Twelve lanterns were provided to the six supplementary education centres run by FASCE India as well, where 200 children from the same community study during evenings.

Activity	Outcome
Awareness classes given regarding non-conventional energy sources, environmental protection and	Beneficiaries learnt the importance of environmental protection, natural energy sources and had a clear idea about the operation of solar lamps
Purchase and Distribution of Solar Lamps operation of solar lamps	352 families without light received Solar Lamps. 2250 people and 200 students have now access to light. Especially, old and sick people are happy and have a comfortable life. Quality of education has improved.

5.2. Solar lamps for underprivileged children

Five hundred underprivileged children of Jonai Sub Division, Dhemaji District, Assam, were distributed with solar lamps on Nov 12, 2014, by FASCE India in collaboration with Fransalian School, Jonai. Aimed at providing children from poor background with light to study and come up in life, the initiative was part of FASCE India's objective of promoting non-conventional energy as well. The lamps were distributed by Mrs Monalisa Goswami IAS, the Deputy Commissioner, and Mr Maidu Mondal IPS, the Superintendent of Police, Dhemaji, during a public function held at Fransalian School, Jonai, prior to the children's day.

Speaking on the occasion, both the DC and SP appreciated FASCE India and Fransalian School for the noble task of promoting the cause of the education of underprivileged children. The beneficiaries were chosen from among poor children of the area, who are members of Children's Parliament and lacked electricity at home

6. COMMUNITY BASED REHABILITATION OF PERSONS WITH DISABILITIES

6.1. CBR in 25 interior villages of Basar, Arunachal Pradesh

Community Based Rehabilitation (CBR) of Persons with Disabilities (PwDs) is a project being implemented by FAsCE India since three years in collaboration with CBR Forum, Bangalore, in 25 interior villages around Basar, Arunachal Pradesh, with 261 PwDs and their families. It is heartening to note that the organisation's efforts towards mainstreaming PwDs is taking greater strides and bearing fruits as time pass by. Disabled People's Organisations (DPOs) have taken shape in the villages and they are accomplishing a lot in the form of bringing together PwDs, creating awareness among them regarding their rights, attaining disability certificates for them, etc.

Activities	Outcome
Village level reflection workshop	120 PwDs gained knowledge in planning.
Reflection workshop on involvement of community and PwDs	180 PwDs gained knowledge in planning and reviewing CBR activities.
Workshop to women PwDs on HIV and AIDS	88 Women PwDs gained knowledge on HIV and AIDS and preventive measures
Workshop to men PwDs on HIV and AIDS	69 Men PwDs gained knowledge on HIV and AIDS and preventive measures.
Street play on HIV and AIDS in 15 villages	212 Community members gained knowledge on HIV and AIDS and preventive measures.
Support to PwDs for access to hearing aids and spectacles for low vision and medical services.	98 PwDs received support for access to hearing aids, spectacles and medical services.

Follow up of medical camp for issue of disability certificates and ID cards	120 PwDs received medical certificates ascertaining their disability.
Support for treatment and medication persons with mental illness	4 persons with mental illness were for supported for treatment and medication.
Workshop for community heads on health	21 community leaders attended the mental workshop.
Workshop for parents of MI on mental health	12 parents participated in the programme.
Orientation for teachers on the importance inclusive education for CwDs	26 teachers were enlightened on the of importance of inclusive education.
Training of parents/caregivers on the importance of primary and inclusive education for CwDs	49 parents / caretakers attended the workshop.
Orientation to students on the importance of inclusive education	600 students participated in the orientation programme.
Orientation to eligible PwDs on Credit linkages and career guidance	48 PwDs had the access to learn about credit linkages and career guidance.
Orientation to eligible PwDs on availability various social protection and poverty alleviation schemes including MNREGS	87 PwDs received the awareness regarding of various schemes for them.
Sensitization of village council leaders and PRI members on mainstreaming of PwDs	26 village council leaders and PRI members attended the programme.
Sensitization of parents on mainstreaming of PwDs	67 parents participated in the programme.
Sensitisation of pastors and religious on mainstreaming of PwDs	32 pastors and religious took part in the programme.
Identification of village level key leaders and building their capacities on leadership qualities and need of forming village level DPOs	56 persons were identified and given capacity building workshop.
Capacity building of DPOs on Rights of PwDs	112 PwDs attended the training.
Observation of World Disability Day	400 people participated in the celebration.

The challenge that FAsCE India embraced three years back in mainstreaming the PwDs of 25 villages under Basar, West Siang district, Arunachal Pradesh, is making headway in the actualisation of planned activities and positively affecting the lives of the PwDs.

6.2. Skill training for Persons with Disabilities

In association with Raskob Foundation, USA, FAsCE India trained 80 Persons with Disabilities (PwDs) in various skills and set them on the path of self employment at Basar, Arunachal Pradesh. The project was accomplished through the assistance of the Disabled People's Organisations (DPOs) formed by FAsCE India in the area to empower the PwDs in various ways. This livelihood project was suggested by DPOs and the selection of trainees, trainers and

them. The trades they were trained in, included candle making, rosary making, host making, artificial flower making and weaving traditional garments.

Trade	Outcome
Candle making	10 PwDs were trained to make candles. Started two group ventures and individual units earning an average income of ₹ 3500/-
Rosary making	10 PwDs were trained to make rosary. Started a production unit earning an average income of ₹ 3700/- per month
Host making	10 PwDs were trained to make hosts. They now earn an average income of ₹ 3000/- per month
Artificial flower making	30 PwDs were trained to make artificial flowers. Started three group production units and five individual units. They now earn an average income of ₹ 4000/- per month.
Weaving traditional garments	20 PwDs were trained to weave traditional tribal garments. They started two group and six individual production units. They now earn around ₹ 5000/- per month.

7. INTERNATIONAL DAY CELEBRATIONS

7.1. World Environment Day 2014

FASCE India in collaboration with Assam Social Forestry celebrated the World Environment Day (WED) on June 5, 2014 at FASCE India Head Office, Guwahati, by planting trees, distributing saplings and creating awareness on the importance of environmental sustainability. Around 300 SHG women gathered at the office premises to celebrate the day. Commemorating the day, a fruit tree was planted symbolically by Fr (Dr) Emmanuel Mappilaparambil (Director), Fr (Dr)

Emmanuel Uppamthadathil (Vice-President), Fr. Francis Thadathil (Former President), and one of the SHG members of FAsCE India, at the premises of FAsCE India Head Office. Over 400 saplings were distributed by the Dignitaries to the SHG Members, reminding them of their responsibility to protect environment.

FAsCE India Zonal Office, Bahalpur, too celebrated the World Environment Day with various programmes, making the people of the locality aware that a safe and healthy environment is essential for the living of future generations. In the programme at Akulu Line Village, around 250 people gathered at the public ground, in which dignitaries highlighted the importance of the day and the need to protect the environment. Fr. George Pekadenkuzhiyil MSFS, the Zonal Director, the Panchayat President and the Village Headman spoke on the occasion and led the drive of planting 150 saplings in the nearest village. In the programme at SFS School, Bahalpur, Fr Albert Sahayaraj MSFS, Asst Headmaster delivered a message on the importance of eco-friendly, eco-balancing life style and the need to plant more trees. Representatives of the staff and students planted new saplings in the school campus to mark the occasion pledging to protect the environment for a cleaner, greener and brighter future.

7.2. World Health Day 2014

FAsCE India, in its efforts to promote health, celebrated the World Health Day on April 7, 2014, by organising an awareness programme on public health for the SHG members in Amsing Jorabat. Mr Ratan Lal Deka, Ms Chaya Kalita and Sr Margaret MPV, staff of FAsCE India, highlighted the importance of the day and spoke on the theme of the year regarding protection from vector-borne diseases. They also gave awareness on the relationship between the protection of environment and better health of the people. On the occasion, a demonstration of

smokeless choolas and solar lanterns was done, highlighting the need for curbing deforestation and promoting the use of nonconventional solar energy. At the end of the day, the participants were sure of one thing: 'Cleaner the Environment, better the Health'.

7.3. International Youth Day 2014

FAsCE India joined hands with the rest of the world in celebrating the International Youth Day on Aug 12 at its head office in Guwahati by enlightening the youth on the theme, "Youth and mental health," through various games and group activities. It was oriented towards making the youth of the area aware of their worth and potential, and instil in them confidence to move forward courageously in accomplishing their rights. A total of 50 youth from 20 different Self Help Groups

in and around Narengi participated in the programme. The resource person of the day Fr John Barman, MSFS, the Fransalian youth director, well enunciated the theme, "Youth and mental health," through various games and group activities. In and through apt anecdotes and video clips, he explained to them how important the slogan of the day is, "Mental health matters," in their lives. Aimed at promoting youth-talent and enhancing their potential, prizes were awarded to the winners of various games and group activities.

7.4. International Women's Day 2015

Fransalian Agency for Social Care and Education (FAsCE India) organised International Women's Day celebration on Sunday, March 8, 2015, at its head office in Narengi, Guwahati. Dr Akashitora Saikia, an eminent actress and social activist, honoured the podium as the Chief Guest and Mr Paresh Kalita, Councillor of the area, was the Guest of Honour. Around 300 women from 20 Self Help Groups of FAsCE India, across 10 villages around Narengi, Guwahati, along with their children participated in the celebration and exhibited their talents on the occasion. The major attraction of the day was the exhibition of SHG products and food festival. Each Self Help Group prepared varieties of traditional dishes and exhibited their IGP products. Two leading SHGs from among the 20 were awarded certificates, trophies and cash awards for their performance during the past year.

Women's Day in a unique style: Self Help Groups of FAsCE India in Thingba Khullen and Thingba Khounou villages, Senapati district, Manipur, celebrated International Women's Day by honouring the elder ladies of both villages with showers of appreciation and gifts. The SHGs celebrated the day on March 22, 2015, with the theme 'Empowering women, empowering society.' Fr Jojan Plathottathil, MSFS, Sr Arul Mary and local leaders enlightened the gathering with regard to the importance of the day, role of women in the society and their rights. All the women above 80 years of age were honoured with gifts. As part of the celebration, sports and cultural competitions were organised among women and the winners were given prizes.

International Women's Day celebration and formally launched a federation of Self Help Groups, under the banner Longai Valley Mahila Vikash Mancha, first in the patherkhandi sub-division, on March 25, at the local office. Over 300 women, members of various SHGs under FAsCE - Seva Kendra, attended the program. Various cultural programmes by different communities like - Ranglong, Chorei, Halam, Mog, Bengali and Manipuri added grandeur to the day.

8. PLACEMENT OF MSW STUDENTS

Five MSW students from Tata Institute of Social Sciences (TISS), Guwahati, were placed on block fieldwork placement for a month from Oct 10 - Nov 10 with FAsCE India. Mr Abinash Talukdar, Ms Sumitra Brahma, Ms Mayurakkhi Goswami, Mr Ansuma Brahma and Mr Khurajam Banty Singh were exposed to various avenues of social work and learned hands-on lessons to be at the service of humanity. They did their internship under the guidance of Fr Vintu Augustine MSFS, the associate director of FAsCE India. They had the opportunity of assisting in the organisation's relief support to slum dwellers and medical camps, conducting various awareness programmes, and animating SHGs at various levels.

9. OUR PARTNERS AND COLLABORATORS IN DEVELOPMENT

We gratefully acknowledge the support and contribution of all our benefactors in promoting progress among the varied folks of Northeast India. It was our privilege to work in collaboration with the following partners during the past year:

AIFO Italy
 Andheri Hilfe Bonn, Germany
 Caritas India - CBR Forum, Bangalore
 Diocese of Freiburg, Germany
 Diocese of St. Gallen, Switzerland
 Fransaliam Missionaries INC. USA
 FVTRS, Bangalore
 Koch Foundation, USA
 Manos Unidas, Spain
 Mensen met een Missie, Netherlands
 Missio Aachen, Germany
 MSFS Switzerland
 Raskob Foundation, USA
 St Francis de Sales Society, Meghalaya
 Stiftung Maria Theresia Scherer Ingenbohl, Switzerland

We also thank all our individual benefactors and well-wishers in joining us to reach out to the poor and the marginalised.

Dr. L Karga, the dental surgeon, CHC Basar, spoke of the importance of main streaming the differently abled brothers and sisters of our society. The camp was organized in order to make the PwDs eligible to get the disability certificate. 120 PwDs were identified and were issued medical disability certificates by the team of doctors. From 2011, FASCE INDIA is working with 260 PwDs and their families in the 25 villages of Basar Sub Division and is running the CBR (community based rehabilitation) programme, guided by CBR FORUM. Number of livelihood programs and trainings and capacity building initiatives are conducted already for the PwDs at SFS School Basar. In an exclusive session with the doctors, CBR staff members and the block level DPO office bearers, Fr. Thomas Paul msfs, the zonal director, explained the activities of FASCE INDIA and expressed his heart felt gratitude and appreciation for the commitment, dedication and love the doctors had in conducting the medical camp and issuing the certificate which was a dream of the PwDs. Dr. K Rina, orthopedic surgeon, Aalo, Dr. T Kena, senior MD medicine, Aalo, Dr. E Basar ENT, Aalo, Dr. Doli Geyi, MO, Basar, Dr. B Bam, ophthalmologist, Aalo and Dr. Regnya Taso, orthopedic Aalo were the other doctors who were part of the medical camp.
